When will OGS results be available?
2011-2012 OGS results will be available in the first week of May 2011.

How will OGS results be provided?
- Check your online status on the OSAP website – it’s the fastest way!
- A letter will also be mailed to each student.

What do I do if I’m successful?
If you’re successful, an online Confirmation of Acceptance will be available when you log into the OSAP website. You will need to complete this by June 30, 2011. If you do not meet this deadline, you will be considered as forfeiting the OGS award.

What if I cannot log into the OSAP website because I filled out a paper application or don’t have a SIN?
If you don’t have access to the OSAP website, you can call OSAP’s general inquiry line at 1-800-465-3957 for assistance.

What do I do if I’m placed on a reversion list (wait list)?
In the event that the ministry selects a student from a reversion list, the student’s status will be changed to “successful” and will be e-mailed and sent a letter about the process and deadline date by which to respond. Students are selected from reversion lists up to December 2, 2011.

If you are placed on the reversion list, please do not contact your Graduate Studies Office or department because reversion ranks are not currently available and will only be determined when a reversion list is used. It is important to note that in previous years the number of students selected from reversion lists was very small.

What do I do if I’m unsuccessful?
If you are unsuccessful in 2011-2012 competition, please try again next year. Each competition is unique and results can vary from year to year depending on the number of applicants.
