

ECE's QR-Code Challenge

QR-Code Location	Riddle/Clue	Answer to the Clue
On the ECE homepage	Congratulations for taking on ECE's QR-Code endeavour! For Clue # 1, let's start you off with something not too clever. Your adventure awaits and is sure to give you a howl, For your first clue, go to the place that contains an "eye" and a triple vowel!	IEEE Office
Outside the IEEE office	Think you've figured out the way to play this game? Each prof is unique, except for two who share the same name. But one is up high, and one is down low. The answer to this clue is the floor # you need to be on, so go, go, go!	Referring to James and Jun Chen. Jun Chen is on the second floor, so the answer is 2.
Outside of Jun Chen's office	So far so good, we've really gotten this ball rolling. For this next bit, think of systems that need controlling. You won't need to leave this building to get to its lab, The last digit of this room is the number you'll need to nab.	Control Systems lab is in ITB 154, so the answer is 4.
Outside of ITB 154	Kudos to you for making it this far, Now count up how many programs in ECE there are. There is one place in this building where posters are suspended, Find your way to the next clue, and you'll be commended.	There are 3 programs in ECE (Elec, Comp, Biomed) so the answer is 3.
In the hall where the grad posters hang	Put your thinking caps on for this doozy of a clue. Tell me the date that the NSERC USRA's were due. Don't think you can remember in that small little noggin? Head over to a relevant webpage, that doesn't require a login.	They were due Feb 4, so the answer is 4.
On the scholarship webpage	This is the last clue of our fun little trip. For this one, you'll need to head to the 3 rd floor, hurry but don't slip! You may need to consult the web for info on this one here. Count how many FULL professors are situated on this tier.	There are 7 full "professors" on this floor, so the answer is 7.
3 rd floor near the elevator	Congratulations on finishing this hunt! You should have gathered five numbers in this here stunt. Put them all together and they'll give you an office extension. Run to this person's office--hurry I can barely take the tension!	2-4-3-4-7, which is Alexa's extension, so go to her office for the prize!
