

Project

Contrast Stretching
Deblurring
Image Restoration
Local Histogram Equalization
Color image processing
Homomorphic filtering
Local Histogram Equalization
Contrast improvement and zooming
Global Histogram Equalization
Histogram stretching
Sharpen and Unsharp Masking
High frequency & histogram equalization
Global Histogram Equalization
Global Histogram Equalization
Local Histogram Equalization
Histogram specification
Global Histogram Equalization
Local Histogram Equalization
DCT for compression
Histogram Equalization
Color image processing
Image Restoration
Real-time spatial image processing
Edge Detection using Roberts, Prewitt & Sobel
Morphological Image processing
Global Histogram Equalization
DCT for compression
