TENTATIVE TIMETABLE

- Sept. 18, 2015 Form groups of four and submit the names and student numbers of project partners via email to TA Warren Pawlikowski (pawlikws@mcmaster.ca). Students that are unassigned by this date will be randomly assigned to groups.
- Week of October 5, 2015 Project proposal Report and Presentation
 - Each group must prepare a complete description of their project including a detailed literature review. A presentation to the class is required followed by questions regarding the design decisions of the group.
- Week of November 30, 2015 Progress Demonstration 1
 - A short presentation and demonstration of your project will be required of each group. It is expected that you will have at least *one third* of your project deliverables ready at this demonstration. Individual marks will be assigned to each group member based on their answers to questions and their work.
- Week of February 22, 2016 Progress Demonstration 2
 - A short presentation and demonstration of your project will be required of each group. It is expected that you will have at least two thirds of your project deliverables ready at this demonstration. Individual marks will be assigned to each group member based on their answers to questions and their work.
- Week of April 4, 2016 Final Technical Demo
 - Each group must demonstrate the fully functional project satisfying the deliverable outlined in the proposal. The technical examination of the project is more extensive that earlier progress demonstrations. Individual marks are assigned to each group member.
- ECE Expo April 8, 2016 Final Presentation, Demonstration, Poster and Report
 - Each group will prepare a final report outlining their work in detail so as to allow another engineering graduate to follow up on the work. In addition, the groups will demonstrate their working project to the class, instructor and public at large. A poster must also be prepared to communicate the work of the group. Each group is expected to present and demonstrate their work to the entire department at a design fair to be scheduled at the end of the spring term.
